RECONVERSION PROPOSAL AUG.2010

MASTER PLAN

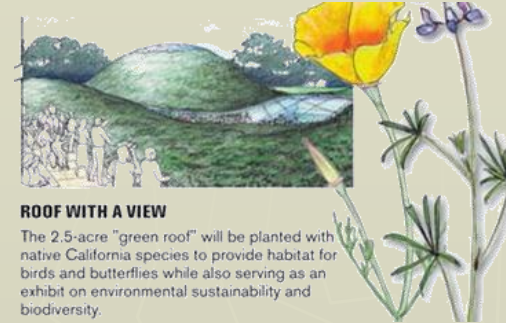

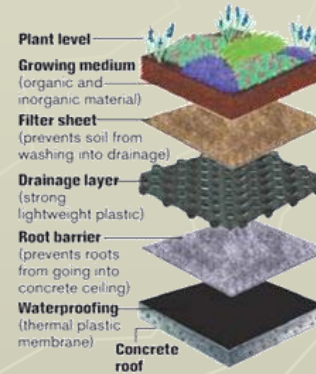

0m 50m 100m

# Types of Parks

## WHAT'S UNDERNEATH THE PLANTS

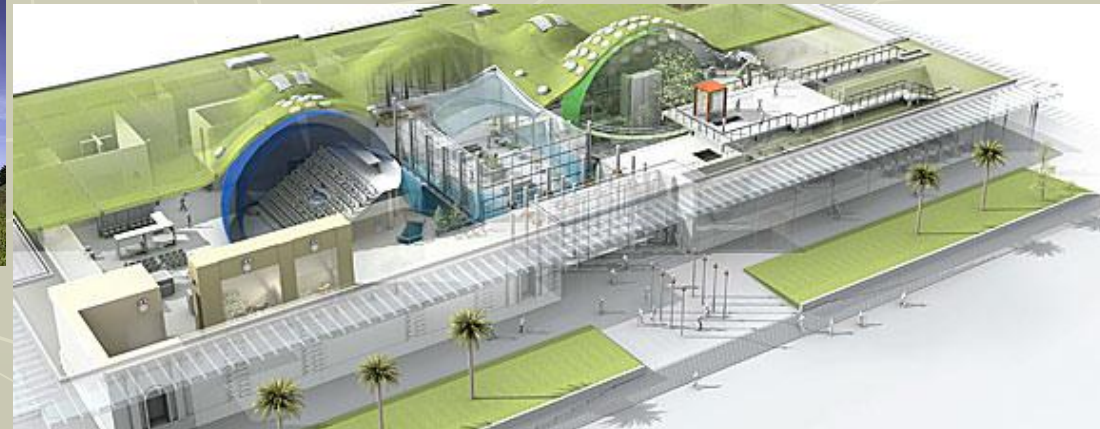

Fifty thousand biodegradable coconut husk trays will be placed throughout the rooftop. Each tray will contain the nine chosen plant species at right.

## ROOF WITH A VIEW

The 2.5-acre "green roof" will be planted with native California species to provide habitat for birds and butterflies while also serving as an exhibit on environmental sustainability and biodiversity.

California  
Academy of  
Sciences, USA

# Types of Parks

YOKOHAMA TERMINAL – FOA | JAPAN

# Types of Parks

SEATTLE OLYMPIC SCULPTURE PARK | USA

# Functional Zone: 1 Memorial Zone Complex

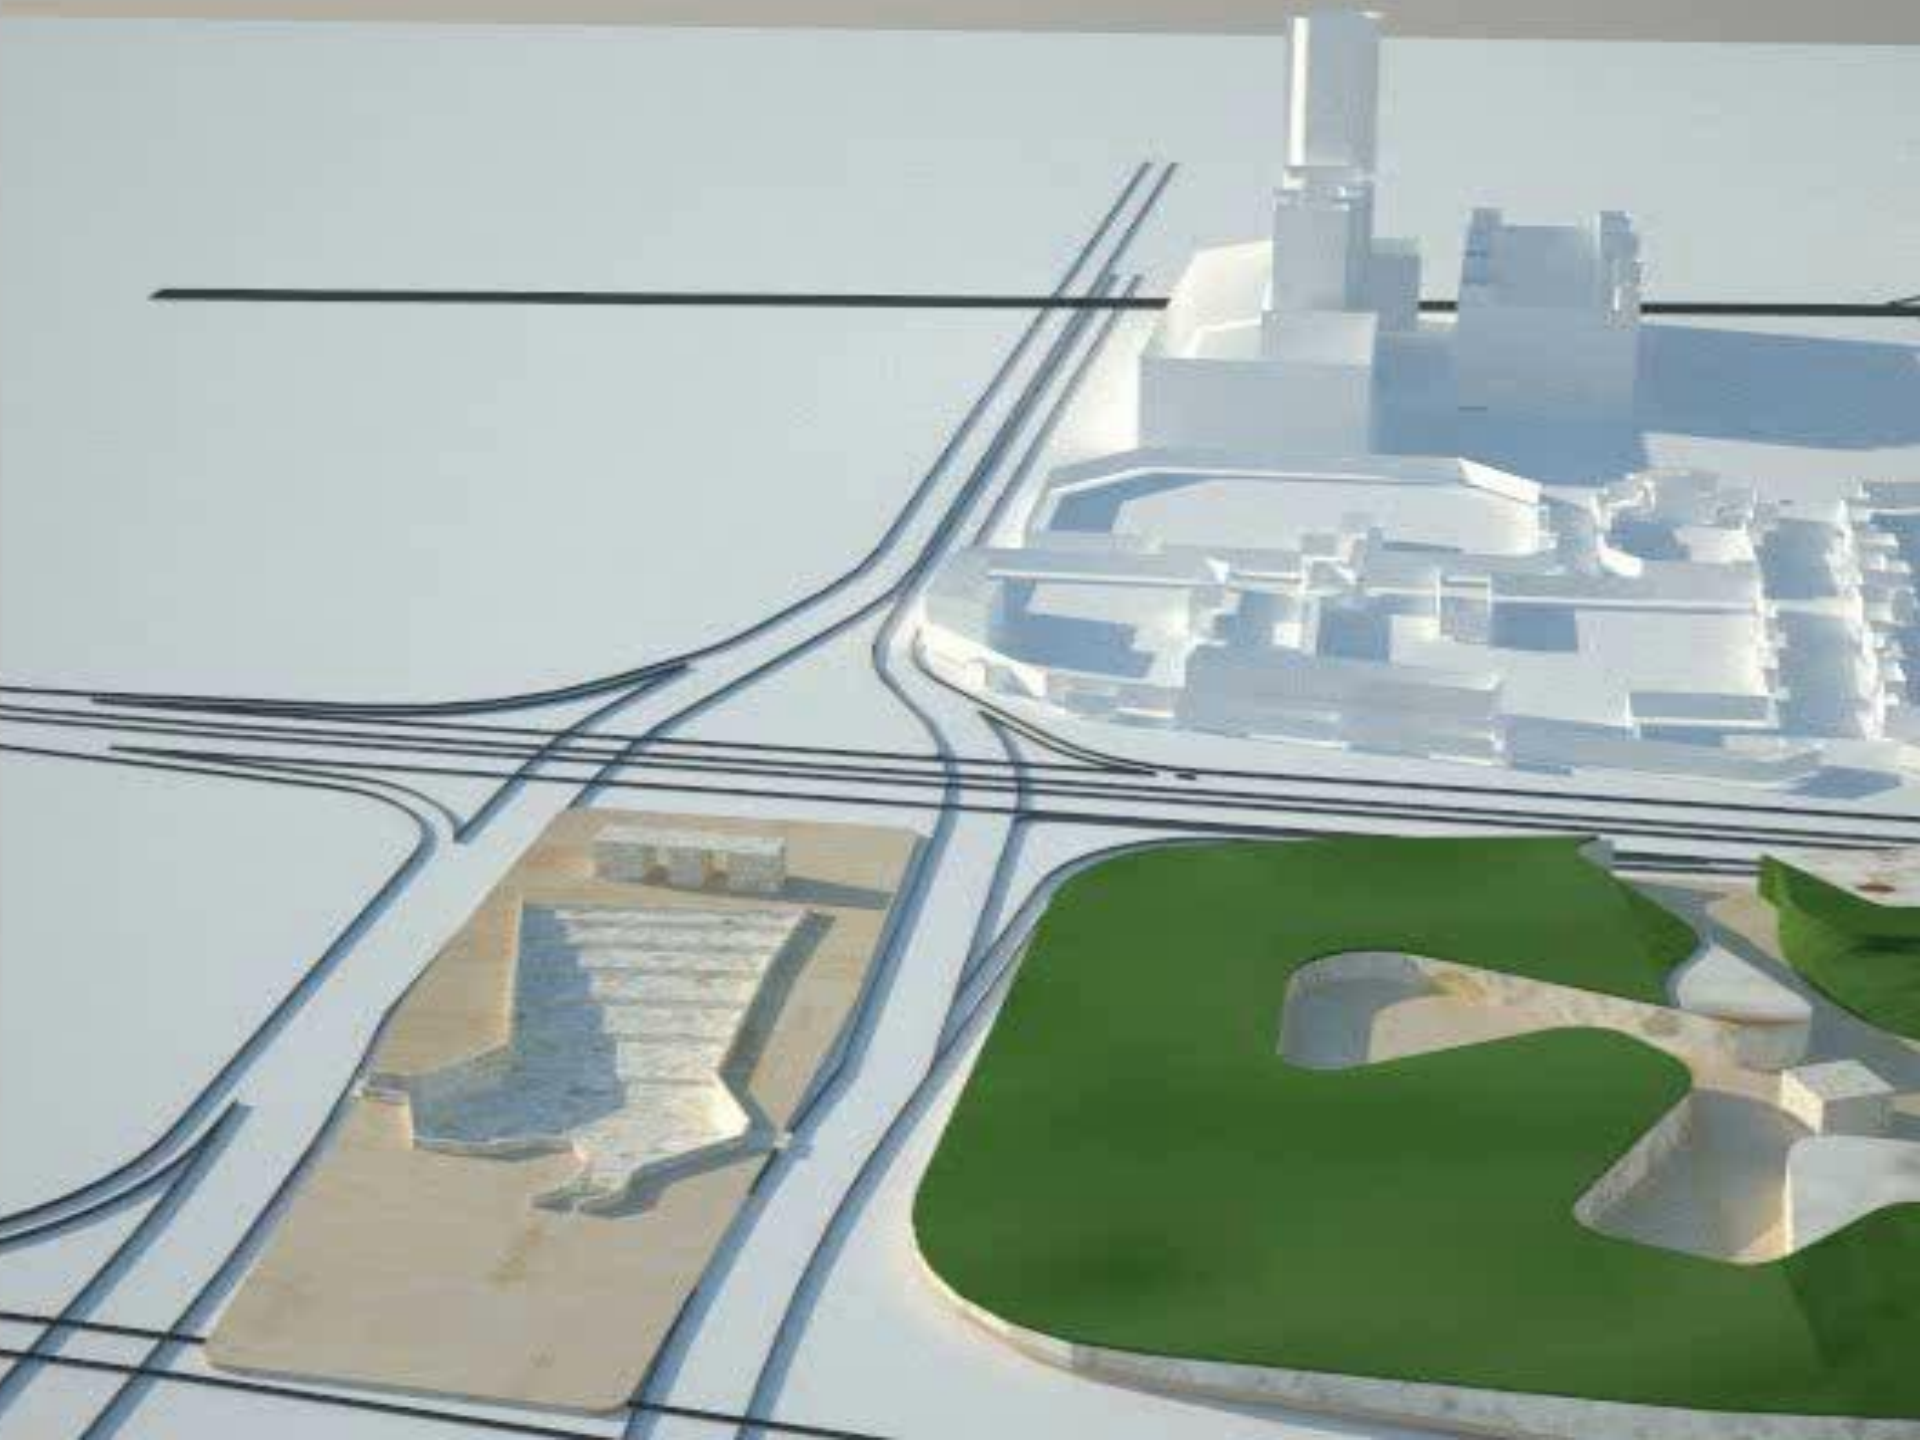

- A:** Old City Gate
- B:** Existing Under Pass connecting the City Green Belt with City Entry
- C:** Memorial Complex
- D:** Memorial Garden
- E:** Administration Office Complex
- F:** Pedestrian Passages

RECONVERSION PROPOSAL AUG. 2010

MASTER PLAN

0m 50m 100m

## Functional Zone: 1

### VIETNAM VETERANS MEMORIAL

*The concept was to create a severe open wound in the earth to symbolize the loss of so many soldiers.*

## Functional Zone: 1

### SOUTH AMERICA MEMORIAL

*The space is divided into different environments like:*

*The civic square, an open space where it is one of the greatest symbols of memorial;*

*The sculpture Big Hands, symbolizing the bloodshed by Latin America peoples in the fight for freedom;*

*The Hall of Acts, with six panels that tell the saga of the colonization of Latin America;*

*The Auditorium; The Latin American Library, with the largest collection specialized in Latin American culture;*

*The Popular Creativity Pavilion, in which there is a model with almost a thousand little pieces,*
