Prime Sports is proud to bring you another exciting

season of Formula 1 Racing from around the world. This year we will bring you another exciting season of Formula 1 Racing from around the world. This year we will bring you all 16 Grand Prix live and complete. The 1993 season will be remembered as the year that electronic systems came to perform too many tasks that used to be the responsibility of the driver. These "Gizmos" seem to penalize the great while flatter the mediocre. Of 16 Grand Prix, Alain Prost won 7, Ayrton Senna won 5, Damon Hill won 3, and Michael Schumacher one. Alain Prost started the season full of motivation and commitment, but it soon fizzled and it was no surprise when he announced his retirement at the end of the season after finishing the season as World Champion. Senna, who finished second in 1993 is most likely to be the one to beat in 1994 with competition coming from fellow Williams team mate, Damon Hill. Don't miss another exciting season of Formula 1 Racing. Tune in to Prime Sports on
