THE

FOUR MINUTE MILE

Based on the novel 'Not for Glory, Not for Gold' by Keith Miles.

The 'Four Minute Mile' is a dedication to one of the greatest achievements in sporting history - a salute to achievement through perseverance - an accolade to physical endurance. A human drama, rich in heroism, it is a story of winners. The story behind the holy grail of athletics - the breaking of the Four

Minute Mile - man's 'sound barrier'.

The story tells of the pressure the athletes were subjected to - physical pressures, mental pressures, the demands of the press and the public, the fever of nationalism, the precarious balance between success and failure. ►
