

Synopsis of the Film

Journey to Mecca is an IMAX® dramatic and documentary feature that tells the amazing story of Ibn Battuta, the greatest explorer of the Old World, following his first pilgrimage between 1325 and 1326 from Tangier to Mecca. His perilous journey resonates with adventure while presenting an unforgettable picture of Islamic civilization during the 14th century, culminating with Ibn Battuta's first Hajj. The story is book-ended by a close-up look at the contemporary Hajj, a pilgrimage to Mecca that draws three million Muslims from around the world. English narration of the film is done by Ben Kingsley, the acclaimed and internationally renowned actor.

The film aims to promote a better understanding of Islam in the West. At the same time it presents the heart of Islamic heritage and showcases the cultural, spiritual and historical elements of the Islamic world.

IMAX® films can take people to places they would otherwise never go, from Mt. Everest to the deep sea to outer space. The Hajj, the longest running congregation of humans annually on planet earth, is definitely a unique experience for the medium. For non- Muslims it is the closest they will ever come to witnessing this extraordinary event, and for Muslims it takes on an even deeper significance.
